INTRODUCTION

About your Personal Reading

This reading was composed for you personally, Teddy, and is based on your full name at birth, your date of birth, and the name you now use to introduce yourself. Please check your birth data on the title page to make sure the names and date of birth used are correct.

If you have two or more middle names or last names, you may find the names strung together. This is necessary to make Transit and Essence cycles function correctly. For example, the name John Patrick Henry Hancock would appear on the title page as John Patrick Henry Hancock.

Teddy, your Personal Numerology Reading describes all aspects of your chart as they are understood in numerology, accurately and in-depth.

Each chapter starts with a short introduction telling you where this particular number is found and how it affects you. This is followed by the number itself. Often, you will find a double digit number followed by a single digit.

The meaning of your number is then explained in easy to read language. Teddy, you don't need to know anything about numerology to be able to enjoy and benefit from this reading.

I hope you will enjoy your reading.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality -- the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. Teddy, you have ultimate freedom to do with your life as you like: To fulfil its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfil, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

Business, finance, real estate, law, science (particularly history, archaeology, and physics), publishing, and the management of large institutions are among the vocational fields that suit you best. You are naturally attracted to positions of influence and leadership -- Politics, social work, and teaching are among the many other areas where your abilities can shine.

You are a good judge of character, which aids you well in attracting the right people to you.

Most 8s like large families and sometimes tend to keep others dependent longer than necessary. Although jovial in nature you are not demonstrative in showing your love and affection.

The desire for luxury and comfort is especially strong in you. Status is very important. You must be careful to avoid living above your means.

Teddy, your Life Path treads that dangerous ground where power lies -- and can corrupt. You may become too self-important, arrogant, and domineering, thinking that your way is the only way. This leads inevitably to isolation and conflict. The people you run the risk of hurting most are those you love, your family and friends.

Be careful of becoming stubborn, intolerant, overbearing, and impatient. These characteristics may be born early in the life of an 8 Life Path, who often learn these negative traits after suffering under a tyrannical parent or a family burdened by repressive religious or intellectual dogmas.

Those with the 8 Life Path usually possess a strong physique, which is a symptom of their inherent strength and resiliency.

BIRTHDAY

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your four core numbers -- the Life Path, Expression, and Heart's Desire being the other three. It is the least significant of the four core numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

Your Birthday is 26

Teddy, you have a good sense of money and a talent for business. Your approach to business is original, creative and daring. You possess sound judgment and need to be in charge of whatever you are doing. You are a good manager and organizer. You have a gift for seeing the larger view, but may neglect the details. You are efficient and can handle large projects, enterprises, or businesses.

You are a realist, self-confident, practical, and highly ambitious. Your challenge is to maintain a balance between your material goals and the fundamental human qualities of understanding, compassion and love. Your business life can cause you to become callous and jaded toward others. Do not let the dog-eat-dog attitude become your only means of looking at life. All people have talents and karmic burdens -- maintain gratitude for all that you have been given, and share it with others to the extent that you are able.

You can be very diplomatic and tactful. You prefer to get things done by persuasion rather than force.

You are dependable and have high expectations of yourself.

Teddy, you have a need for status and may show off the fruits of your labour with an impressive car or house. You can easily overdo such ostentation, and may appear showy in the eyes of others.

You are proud of all you possess. You like to be complemented.

You have strong character, but may be domineering and bossy. You have little patience with weakness, be it your own or someone else's. Teddy, you have to be careful not to be discouraged too easily. Life will test your resolve and your willingness to get up off the floor after being knocked down. But you possess the strength and courage to succeed over any difficulty. You do not express your feelings much. It is hard for you to give up the past.

You are generous and willing to help in a crisis. You can be philanthropic and a pillar of your community.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be.

The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Your Expression is 5

Teddy, you are a free spirit. You love change, adventure, and excitement. You love your freedom. Like a bird that needs its wings to live, you cannot exist without it. Freedom is the nucleus around which your life revolves. You need it for your very survival. By using freedom properly, you are able to explore and develop all of your varied talents. You will meet many types of people and travel great distances. Freedom is the atmosphere necessary for you to bring forth your many talents.

You are capable of doing almost anything, and probably quite well. Only by avoiding the imprisonment of illusory security are you able to bring forth your abilities.

Teddy, you are unusually adaptable. In fact, change is a blessing for you. In the same way, you need challenge and variety. You hate the routine of life; being stuck is a catastrophe for you. You become miserable when you are held back or held down.

The taste and texture and colour of life have an overpowering allure for you. From childhood, you dream of seeing foreign lands, experiencing the sensual and the exotic. You want to try everything at least once in life. All of life is a playground for your senses.

But this can get you into trouble. You may fail to respect your natural limits, either biologically or socially. Any sort of boundary is anathema to you, which can blind you to your natural limits, and may cause you to overindulge your desire for food, sweets, alcohol, sex, and drugs.

Teddy, you are gifted in your ability to communicate. Your facility with words is almost limitless. You can be a salesman, politician, lawyer, public relations person, and minister. You also possess the talent to share and advance new ideas. You are talented with your hands. You love the new and untried. Your field is the frontier. You are a bit of a gambler, and often play for very high stakes. All of this combines to give you a youthful enthusiasm, which others find infectious and attractive.

You like to work with others, but need to perform your task un-encumbered by the restraints of others.

Teddy, you are a clever and a quick thinker, but your thought processes -- like your life in general -- can be unorganized and scattered. You must stay grounded and focused if you want to be successful.

You fall in and out of love frequently, especially early in life. You are naturally sensual and commonly have a strong sex drive. These characteristics usually make for a lively and exciting love life, but you must guard against shallow feelings and relationships. Your challenge is to develop mature and lasting relationships.

Self-discipline and setting healthy limits is the key to your success in virtually every area of your life. Ironically, you will find that as you learn to set appropriate limits on yourself, you will develop more self-mastery and realize even greater freedom.

This is especially true when it comes to finishing what you start. Your tendency is to give up once you've got a project or job under control; you grow bored quickly. You start to fantasize about a new challenge, or the rewards of your great accomplishment, long before the work is finished.

The 5 Expression desires the whole world. You are aware that you have many talents that can bring much success. But that success depends on your willingness to choose certain areas to concentrate on, and to bring them to perfection.

MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name.

The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

Your Minor Expression is 25/7

Your short name stimulates your desire for knowledge. It helps you to specialize and to deepen your understanding of a particular subject. It helps you to focus.

Teddy, your Minor Expression number encourages you to accumulate knowledge regarding the mysteries of life. It makes you a more analytical thinker.

You are better able to look below the surface of things. You don't take things at face value.

You may desire more time for private contemplation and meditation. This is a pull to spend more time alone.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions.

Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality.

But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth -- you, the spiritual being.

Your Heart's Desire is 22/4

Deep inside, you long to create something that will have a lasting impact on the world. Whether it is a political movement, a business, or a philosophy, you have a strong inner drive to manifest something of major importance.

Like the 11, yours is a Master Number, possessing all the intelligence, sensitivity, and electric creativity that such a power would suggest. Teddy, you have the inventiveness of the 11 and the down-to-earth practicality of the 4. This combination can make you supremely capable of making your ambitions a reality.

The demands of this Heart's Desire are as enormous as its potential. What will be required from you to fulfil your noble ambitions is nothing less than a commitment of your entire being.

The path you have chosen is not an easy one. You need time to develop, and you are unlikely to begin to fulfil your ambitions until after you have reached a certain level of maturity.

Whether you know it or not, you possess great power within your being. You were born with this power in a latent state, but on some level you were aware of it. Early in life, this power manifested itself as awkwardness and a discomfort inside of you. Your self-image has always been one of contradictory extremes: on one hand you sensed your uniqueness and potential; on the other you may have felt insecure and perhaps even inferior.

This paradox has caused waves of self-doubt and lack of confidence. But it also is a powerful generator of energy that, when combined with the higher characteristics of the 22, can become a dynamic and unrelenting force. In order to channel such great power, you need a noble goal for which to aim.

Teddy, you will probably try your hand at several different kinds of work before you rise to the challenge of your true ambitions.

You can be a great leader, inspiring and motivating with your vision and work ethic. Your ideas are so creative and superior that they inspire enthusiasm and sometimes even devotion among your co-workers.

You should be involved in large enterprises or governmental institutions. You have the organizational diplomatic skills sufficient to keep difficult and delicate projects on track.

Once you come into possession of your full power, there are many psychological and spiritual pitfalls to be faced. You can become arrogant and superior. You can become deluded into thinking that your judgment is beyond question, and that the advice and support of others is unnecessary. You may seek to control all power in a given enterprise. This dangerous and egocentric attitude is sometimes even extended to family members who you may seek to keep under your thumb.

Teddy, your challenge, once you have begun to use your true gifts, is to remain humble in the face of your significant accomplishments.

You perform best when your domestic foundation is stable and supportive; it is very important to have a partner who shares your dreams and has high degree of strength and independence to keep up with your drive.

Challenges somehow draw the best out of you. Your human qualities -- creativity, humility, understanding, and compassion -- increase with the level of your performance. Therefore, commitment to excellence is central to your success and inner development.

MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

Your Minor Heart's Desire is 8

Your Minor Heart's Desire increases your ambition and inner strength. Your ability to deal with business, managerial, and organizational matters is enhanced. You are able to focus on your goals and apply the necessary determination and effort to realize them.

Teddy, your shortened name increases your capacity for leadership and personal power. It makes you more conscious of material wealth. You are more willing to work hard to improve your status or financial position.

Your shortened name makes you more aware of being a good judge of character, and you are willing to work on this talent. This results in becoming a shrewd judge of others and a better negotiator.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with -- people or situations -- but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Your Personality is 37/1

Teddy, you radiate with a dynamic and efficient energy. You appear controlled and capable. You value courage and effort in the face of difficulties and these qualities show. Others can sense that you will not be pushed around.

You should dress in a dignified and correct manner, caring for the details of your appearance. While you may spend most of your time in staid business dress or suits, bright and cheerful colours work well for you. You are fashionable, but have your own style.

Your appearance suffers more than most people when you are overweight. Overweight directly contradicts the type of personality you are trying to project. Straight lines and square corners accent your good physique and enhance your appearance as a leader.

Teddy, you are recognized as a pioneer; you have your own ideas of how to do things. You are a risk-taker, original and highly creative.

You should be wary of appearing too aggressive or unreceptive. You can intimidate people if you don't soften your exterior somewhat. By doing this, you will attract less confident people who will be more willing to approach you with their thoughts and suggestions.

MATURITY

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life.

This, in a nutshell, is the gift of maturity:
You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channelled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfilment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life.

But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

Your Maturity is 13/4

Teddy, your maturity will find you increasingly practical, organized, and far more down to earth. You will be capable of putting your ideas into concrete form. Your latter days promise to be a time of accomplishment and activity.

You become more focused and goal-oriented and less willing to discard details and cut corners. There is little interest in a quiet retirement. You are too involved in seeing your plans and efforts come to life.

Your family and friends will profit from your four maturity number because of your increasingly helpful and reliable nature.

However, you must guard against becoming rigid, narrow minded, and opinionated, especially if already several fours are found in your chart. If you are lacking 4s, or have only one or two of them, you will benefit by your increased understanding of systems, organization, and the rewards of a methodical approach to life.

It will do you good to take your time to relax and enjoy the flowers every day.

L/E BRIDGE

The Bridge numbers in your chart are the numbers that indicate how you can make the relationship between the individual core numbers in your chart easier and more compatible. Bridge numbers have the potential to "close the gap" between the Life Path and Expression number, or the Heart's Desire and Personality number.

In this chapter we will explain what you can do to make your talents, strengths, and specific abilities (Expression number) more easily available and fitting the needs of your main lesson(s), and expected direction of growth (Life Path).

Your Life Path / Expression Bridge number is 3

Loosen up a bit, Teddy. Have some fun; recharge your batteries. Be more generous to yourself. Communicate your deeper feelings without fear to those close to you. Be more creative, particularly in the areas of dancing, writing, acting, or poetry. Develop faith in yourself.

H/P BRIDGE

Several Bridge numbers can be found in your chart. The Bridge number between the Life Path number and the Expression number was described earlier in your reading. The following Bridge number relates to your Heart's Desire number and your Personality number. This Bridge number, the Heart's Desire - Personality bridge, explains how you can make your deeper self -- your needs and desires, your true nature -- more aligned with the part of your personality others tend to recognize when they meet you. With a little exaggeration, you could say that your Personality number is somewhat like your mask. It is the more superficial you; a protective shield and a camouflage of the deeper you. You can easily imagine how much more comfortable, and less self-conscious, the experience of life becomes when your deeper and more real you is closer and more fitting to the personality you reveal on a day to day basis.

Your Heart's Desire / Personality Bridge number is 3

Loosen up a bit. Have some fun; recharge your batteries. Be more generous to yourself. Communicate your deeper feelings without fear to those close to you.

Be more creative, particularly in the areas of dancing, writing, acting, or poetry.

Develop faith in yourself.

KARMIC LESSONS

Numerology is based on the understanding that we enter life with certain strengths and weaknesses. Karmic lessons are areas that we are currently weak in and must be faced and worked on in this life. There can be more than one Karmic Lesson. These are indicated by the absence of certain numbers in your name.

The letters and numbers of your name point to talents and abilities that you possess. These characteristics can be compared to a workshop in which certain tools are available to you. Missing numbers, those that are not represented in the

letters in your name, imply tools that are unavailable, and must be learned and mastered during this lifetime.

You may well recognize your Karmic Lessons as weaknesses you have learned to overcome in the course of your life, however, the challenges implied in your Karmic Lessons will continue to come up occasionally for the rest of your life.

You have a Karmic Lesson 2

Teddy, you must learn to be more diplomatic and tactful, to stay in the background when necessary and sometimes to accomplish something without the need to be praised and rewarded. Learn to be part of a team.

You must learn to be more sensitive to other peoples' needs and feelings. You will regularly find yourself in a situation where the only road to success is through patience and attention, requiring you to work closely cooperatively with others.

The effects of this Karmic Lesson are diminished if you have at least one 2 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

HIDDEN PASSION

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

Your Hidden Passion is 1

Teddy, you have a strong drive to stand out. You have a great ambition and desire to accomplish. You are highly competitive and want to be the best and the first in everything you do. You are highly energetic and creative. You are capable of influencing and even dominating others. You have highly developed political skills, and can succumb to manipulation unless your ideals are high.

Ironically, there are times when you lack confidence, especially at an earlier age, but you have the strength to overcome this obstacle.

Teddy, you are a survivor, a warrior, a leader. Many great athletes and politicians have this number as a Hidden Passion.

Your Hidden Passion is 5

Teddy, you love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages, and are generally good with words. Writing, promotion, and public relations work suit you perfectly.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more.

You are resourceful and original. You have a good sense of humour and a quick tongue.

Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely.

Teddy, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully.

You are very unconventional.

Commitment in relationships and your work is fundamental to your happiness. You may have a tendency to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

PLANES OF EXPRESSION

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information. The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world.

The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the world of thought. The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others.

Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational -- that is the world of the mental plane -- but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds.

Numerology indicates how we as individuals function on each plane. The letters of the alphabet are divided in four categories: physical, mental, emotional and intuitive.

The proportion of each category in your name gives a good indication of which Planes of Expression are strongest in you, and which ones are weaker.

These Planes of Expression can greatly help you to understand your talents and abilities.

PLANE OF EXPRESSION PHYSICAL

Your Plane of Expression Physical is 19/1

Teddy, you are active and inspiring; you are daring in business and other areas of life.

You have strong likes and dislikes and live according to your opinions.

You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested.

You are like a flare, burning brightly for a specific duration, but must move on to other projects in order to sustain your excitement.

PLANE OF EXPRESSION MENTAL

Your Plane of Expression Mental is 23/5

Teddy, you have a quick and highly versatile mind. You can absorb great quantities of information quickly and retain the important points.

You are impatient with routine procedures, and will rebel if forced to conform to any existing pattern for very long. You like to be involved in several projects at the same time. You are dynamic and resourceful.

PLANE OF EXPRESSION EMOTIONAL

Your Plane of Expression Emotional is 26/8

Teddy, your emotions are powerful, and you tend to dominate in your personal and business relationships.

You are likely to be the controlling partner in any relationship.

You are highly ambitious. You are driven by your competitive instincts. You tend to be status conscious and want to show the world your success.

Money and power are integral parts of your life. You dream of big things in life -- heading corporations, building big businesses, directing large numbers of people.

BALANCE

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult or threatening situations.

Your Balance is 2

Use tact and diplomacy, Teddy. Be less emotional. Be courageous in your approach to the solution you seek, rather than backing away from problem because you fear confrontation. Work hard to diffuse tension; your innate talent is to find a mutually satisfying solution to all. You are willing to compromise.

Be more optimistic and light-hearted. Teddy, try not to blow problems out of proportion. You are overly sensitive and have to work to be more balanced.

Balance and harmony are there for you the minute you apply yourself to any problem. Teddy, you can be the peacemaker.

RATIONAL THOUGHT

Your Rational Thought number reveals what can probably best be described as the way you think. Are you a practical, methodical thinker, or a dreamer? Do you frequently allow your imagination to color your perception? Are you unconventional and original in the face of a practical problem, or do you stick to proven methods?

This is the kind of information revealed through your Rational Thought number.

Your Rational Thought is 54/9

Teddy, you are always aware of the expectations of others, and you hold off on expressing your opinion until everyone has had their say; then you point to the mistakes and the things that were overlooked. Your success in solving problems and in finding answers is the result of a process of elimination, more than it is a matter of stringing together logical answers.

CORNERSTONE

The first letter of your first name gives an additional indication to your character, particularly as to the manner in which you approach opportunities and obstacles. The first letter is called your Cornerstone.

Your Cornerstone is E

Teddy, you need plenty of freedom. You are physical and passionate and it is possible you will be married more than once. You like to be social and entertain.

You are highly perceptive and not easily fooled. You are original and versatile. You are capable of looking at a situation from different perspectives.

SUBCONSCIOUS SELF

Your Subconscious Self reveals how you react to demanding situations. It indicates your ability to get the most out of your talents and opportunities, especially when you face new or challenging circumstances. The Subconscious Self also reveals the areas of our character that need to be strengthened.

Your Subconscious Self is 8

Teddy, you handle unexpected situations in an efficient manner and often manage to get the best out of it. You learn quickly and usually do not repeat the same mistakes. You want to be rewarded for your efforts and relate your success to the material aspects. You are dependable and solid in almost any kind of situation. You do not panic or scare easily. You have a business-like attitude to problems and realize quickly what needs to be done. You have a good understanding of money and matter. You are a survivor. You show leadership and organization and are physically courageous and competent.

CHALLENGES

Each of us is born with both strengths and weaknesses. Numerology looks at life as if it were an educational process that is meant to bring out and enhance our talents, and turn our weaknesses into strengths. This serves to complete our being.

The job of becoming whole is one in which we must face our weaknesses and consciously work to improve ourselves. There are four Challenges to be faced during our lives. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

The Challenges on your life's path provide specific lessons that you must attend to, and, in order to inspire and help you, life will place you in situations that require the specific characteristics of your Challenge numbers.

The four Challenges you are required to overcome during the course of this lifetime will influence you during different periods of your life, except for the Third or Main Challenge, which lasts from birth until death. The Challenges are fluid periods of your life, not confined to specific years so much as general periods. All of your Challenges are present at birth, like actors standing in the wings.

THE FIRST CHALLENGE

The duration of the First Challenge usually lasts from birth until approximately the age of 30 to 35.

Your First Challenge is 7

You are highly sceptical of anything that cannot be proven to you. Teddy, you are particularly doubtful of anything having to do with spiritual matters. It is, therefore, difficult for you to find a personal philosophy that would give you peace of mind and insight into the purpose of your life.

You repress many of your natural inclinations because they do not fit into your intellectual or rational thinking.

You are in need of the part of your being that you are now repressing: the child within.

All the characteristics that have to do with the irrational and holistic side of life -- spirit, humour, playfulness, and intuition -- are being shut out.

Teddy, your challenge is to find some philosophy and, ideally, a community that will give you additional perspectives, and force you to bring out the many other characteristics that are a fundamental part of you. Otherwise, you risk loneliness and isolation.

Teddy, you have to learn faith. When you consider that most of life is made up of the invisible world -- thoughts, emotions, insight, and love -- you can begin to appreciate that only a small part of life is within the domain of your senses.

You may have too much pride. You may experience a deep and humbling transformation that will set free the inner being you are keeping trapped within you.

THE SECOND CHALLENGE

The Second Challenge usually lasts until the age of about 35 to 40.

Your Second Challenge is 0

This is a less demanding challenge. Growth is allowed to take place without one particularly serious obstacle. This does not mean that there will not be challenges on your path, but there is no single and consistent challenge during this period.

Teddy, you are being challenged to stay faithful and focused on your highest ideals.

There is an opportunity to go deeper within yourself, and discover the inner being that is you.

THIRD CHALLENGE

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward.

In short, this may be the secret to your success.

Your Third Challenge is 7

(This Challenge is the same as the First, as described above.)

THE FOURTH CHALLENGE

The Fourth Challenge is most strongly felt during the latter part of our lives, beginning at the age of approximately 45.

Your Fourth Challenge is 7

(This Challenge is the same as the First, as described above.)

PINNACLES

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years.

The last Pinnacle will stay with you for the remainder of your life.

The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with.

You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. Teddy, you will likely make some life-altering decisions -- marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change -- internally as well as externally -- is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s -- the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

Your First Pinnacle (from birth until age 28) is 9

Teddy, this is a period in which you must identify with some larger project or goal that is bigger than you. Your greatest satisfaction will be in providing for others, as well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism -- a particularly appealing choice of careers during the 9 Pinnacle -- will feel themselves strengthened by the knowledge that they are advancing the safety and well-being of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community.

As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom, but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it.

The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetical sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theatre productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world.

Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many.

Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching.

In short, you are highly idealistic. Teddy, you will likely travel extensively during this period and meet people from many walks of life.

No matter what your area of expertise, you have a chance not only for success but for fame.

Your Second Pinnacle (from age 29 until age 37) is 7

This is a period of inner development and soul searching. Teddy, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased.

Teddy, your desire to study in all forms -- reading, self-reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge.

During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

Teddy, your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

Your Third Pinnacle (from age 38 until age 46) is 7

(This Pinnacle is the same as the Second, as described above.)

Your Fourth Pinnacle (from age 47) is 9

(This Pinnacle is the same as the First, as described above.)
